Porterville College Graduates Largest Class; Members Listed

PORTERVILLE, June 16 — Porterville college graduated its largest class in history during an outdoor ceremony in the college quadrangle Sunday evening, 95 students being listed.

Graduation address was given by Dr. Larry A. Jackson, provost at Raymond college, University of the Pacific; a welcome was extended by Jim Trask, class president; general remarks concerning accomplishments of the past year were given by John William Fink, student body president; introductions were made by C. W. Easterbrook, district superintendent.

Music was provided by the college choral, directed by Victor

Morris, with Walter Groshong and Susan Baker, accompanists; professional and recessional was played by Groshong and Christine Higgins, pianists; the class was presented by Orlin Shires, college president; degrees were presented by Gordon Todd, clerk of the school board; invocation and benediction were spoken by Bishop Ted Enslein.

SUMMER SCHOOL SESSIONS WILL START AT BOTH HIGH SCHOOL AND COLLEGE

PORTERVILLE, June 16 — Summer school sessions are ready to go at both Porterville high school and Porterville college, with high school classes to start tomorrow, Friday, and with college classes beginning Monday. Registration will be held on the college campus tomorrow, 1:00 p.m. to 5:00 p.m.

High school classes will be held from 8:00 a.m. until 12 noon daily, with 18 courses to be taught by 46 instructors. Students who

pre-registered but did not receive their enrollment cards should check at the high school attendance office between 7:30 a.m. and 8:00 a.m. on Friday.

Busses will operate daily from three population centers in the district on a direct route to the high school, leaving Woodville at 7:10 a.m.; Ducor, 7:15 a.m. and Springville 7:10 a.m. Busses will leave the high school at 12:05 p.m. to 5:00 p.m.

BUZZ STEPHEN, who this week signed with the Minnesota Twins, will report as a pitcher to the St. Cloud, Minnesota team. Raised in Porterville, Buzz is the son of Mr. and Mrs. L. R. Stephen. He just completed his senior year at Fresno State college, where he played baseball for the famous Pete Bieden, and from where he was the No. 1 draft choice of the Twins. For more on Buzz, see "We Only Heard." (Farm Tribune photo)

We Only Heard

BY BILL RODGERS

NOT THAT it makes any difference — or does it — but the 30-acre piece of property that was put together through several purchases a year or so ago and publicized as site for the new Promenade Shopping Center at the southwest corner of Expressway 65 and Henderson avenue, is emitting a strange odor — the odor of politics. Somehow or other the shopping center never seems to get off the ground, but the state highway department did, in fact the highway department, needing 4.5 acres along the east side for relocation of Expressway 65, up and bought the entire 30-acre piece, paying \$500,000 for the property — the property which was acquired for an indicated \$315,000, this latter figure according to records of Frank Kidder, of the Title Insurance and Trust company . . . Now, even without a computer, most folks can readily see that gross profit on this little ol' land deal was \$185,000, which, as the country boys used to say, ain't hay . . . No sir, ain't hay — just politics — with public money.

WITH CONSIDERABLE modesty we take credit for the success of Buzz Stephen — well at least partial credit, for Buzz, who signed with the Minnesota Twins a few days ago, used to mow our lawn, and certainly if he had not herded that lawn mower around our yard, he would never have developed the legs that a baseball player must have . . . And since we lived just around the corner from Buzz's folks, Louie and Janet, we knew exactly when Buzz bought a guitar — amplified, of course — and started practicing to become what the younger set call a musician. Buzz used to rehearse his band at the home stand, and the entire neighborhood sat in. There was no choice. And there were times when a good-neighbor committee discussed the pros and cons of bending that guitar right over

JULY 4th FIREWORKS THEME "GATEWAY TO RECREATION"

PORTERVILLE, June 16 — A novel and imaginative theme, "Porterville, Gateway to Recreation", will be used by the Exchange club as members present their sixth annual Fourth of July fireworks show in Jamison stadium on Monday, July 4.

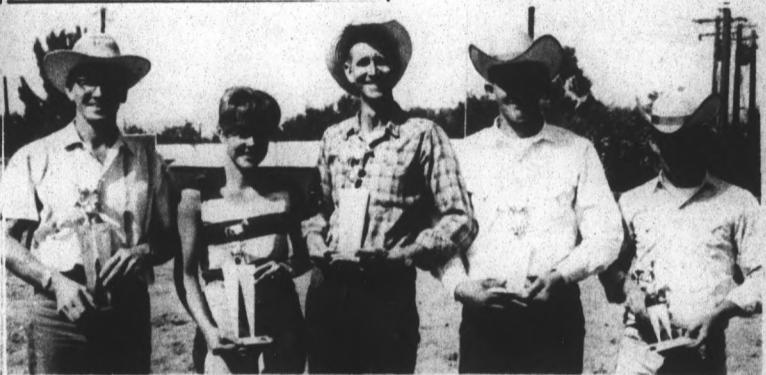

The program, which is free to the public, will get underway at dark, however, daylight bombs and displays will be fired prior to the official pyrotechnic show, and food and drink concessions will be operated by Porterville Exchange club members and their wives.

This Fourth of July program

annually draws the largest crowd of the year in the Porterville community, with spectators filling the stadium and much of the playing field. In addition, many people sit in cars at vantage points around the area.

Gil Ynigues, general chairman, states that club members have al-

FORTY-SEVEN RIDERS from Bakersfield, Taft and the Porterville area competed in gymkhana events at the Porterville Fair arena Sunday, with about 30 out-of-town families enjoying a potluck lunch and the competitive events; host group was the Success Gymkhana. Winners, first through fifth, in the three age groups, are shown above, from top: Seniors: John Keck, Success Gymkhana; Linda Arnold, Taft; and Luke Warren, Bill Chernaboff, and Jerry Taylor, Bakersfield. Juniors: Johnnie Hughes, Bakersfield; Terri Taylor, Taft; Melba Taylor, Bakersfield; Jo Wayne Brown, Success Gymkhana, and Larry Bingham, Taft. Subteens: Ronnie Hill and Debra Hill, Success Gymkhana; Peggy Chernaboff and Danny Fero, Bakersfield; and Linda Woody, Success Gymkhana. The three-town competition is held three times each year, with each area hosting the event. The gymkhana groups are made up of family membership, and classes are designed to provide competition for everyone, from the youngsters up to mom and pop. (Hammond Studio photos)

LINDA LA PRESTA WINS EMMA FERGUSON AWARD FROM RED CROSS; SWIM PROGRAM IS PLANNED; FUND DRIVE NEEDS MONEY

PORTERVILLE, June 16 — Linda La Presta, Porterville college student, was named recipient of the Emma Ferguson Memorial award for the current year, according to an announcement made by the local Red Cross chapter.

This will enable her to attend the Red Cross aquatic instructors' school to be held at Camp Tulequio from June 24 - July 3. After completing this course, Miss La Presta will be a qualified Red Cross swim instructor, privileged to teach any type of swim classes.

Funds for this award were set

up three years ago in memory of Mrs. Emma Ferguson who, for years, was executive director of the local Red Cross chapter. The honor is given each year to an

C. A. Buswell is busily engaged in selling tickets for the first an-

nual banquet which is to be given by the members of the Porterville Fish and Game Protective association. The banquet is to be held on the evening of the 5th of April at the Porterville cafe. At this meeting plans and work of the club for the coming year will come in for full discussion. It is probable there will be a number of short addresses made by various members of the club.

There were two candidates for admission to the Eagles lodge at the meeting on Thursday night, those to join with the work of the local birds being Bert Barry and A. D. Oldham.

Leslie W. Laumeister has been appointed the census marshal and will start Monday to count the children of school age in the Porterville Union High School district.

Gerben Parthenia Josephine is the name of a Holstein-Friesian cow that holds the record in this part of the valley as a milk producer. Her record last Saturday was 80 pounds of milk in two milkings, morning and afternoon. This cow is one of the famous herd of C. T. Brown & Son, of Plano.

We guarantee that you get more loaves of good bread for the money out of Porterville Flour than out of any other brand.

RON CAUDEL, left, as Abner, and Pam Stout, as Daisy Mae, are shown in a scene from "Li'l Abner," the musical production now on the boards at the Barn theater in Porterville. The show opened last night for

a run through Saturday night, plus a special Sunday matinee. Curtain time is 8:15 p.m., and 2:00 p.m.; reservations can be made by phoning 784-2424. The play is directed by Neil Rambo

"Vitamin deficiency" has become a kind of catch phrase. Yet it relates to health, the province of your physician.

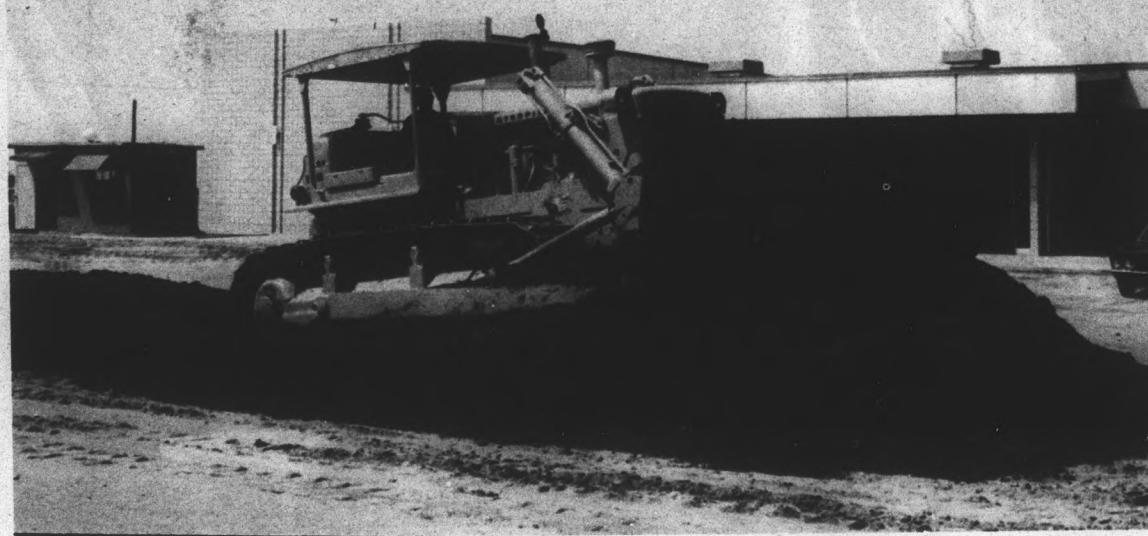

Should you suspect that you need vitamins, consult your doctor. Let him decide what vitamins, if any, are required.

How much more sensible a procedure than to succumb impetuously to nonprofessional ballyhoo for all-purpose, bargain vitamins.

Rely on your physician's advice. When he writes a prescription, we are prepared to fill it promptly.

Time Out

By Davis Harp

HARP CATCHES THE MOST LUCKLESS TROUT IN THE SIERRA

You go up through Springville, like you're going to Camp Nelson only you take the left-hand fork in the road there at the powerhouse above Coffee camp. From there the road is crooked and narrow, but not too steep. About four miles up the road, just before you get to Doyle's, is Camp Wishon, the poor man's Squaw valley.

There isn't much there. I mean, there aren't any Swiss ski instructors. I did meet a welder from Earlimart, which is just about as exotic as the clientele gets. There are about 30 campsites in a little grove of mountain oak beside the south fork of the middle fork of the Tule river, and really, it is quite pleasant.

Wishon is not too high, so it gets a little warm in the afternoon. The mosquitoes there are small, but second to none in persistence and viciousness. They are the lightweights of the mosquito world. They are quick, agile, and hit often and hard. Last weekend they showed a marked lack of organization, but they still were highly effective. By the end of the summer, after their leadership has arrived, they will present a real challenge. But as we say, Wishon is really a sort of pleasant,

homely place.

I did my first trout fishing of the season Saturday. A stiff hike about two miles above Doyle's yielded one fish. This trout had to be the most luckless fish in the whole Sierra range. He had been taking clumsy lessons. He was accident-prone, a poor insurance risk. He would have been the kind of human being who stumbles over chalk marks on the sidewalk. He ran into my fly, just kind of swimming down the stream, you know, enjoying the June morning. Wham! He was all hung-up in a fly. He didn't even see it. The Gomer Pyle of the Tule.

The father-in-law was stumbling along in front of me, fishing all the likely holes, leaving me the places where it was impossible to cast, and the sun threw your shadow on the pool. He thought it was great fun when I slipped on a mossy rock and fell down and bent my reel. Said it was better than watching Ed Sullivan, and if I worked on it a bit, polished the fall up a bit, I would be good enough for any circus. I told him, haw — haw I didn't really fall, I was just down there looking for trout tracks.

The father-in-law caught his

bers and their families.

There was a meeting of parents during the course of the evening to discuss and make plans for the coming year.

Burton 4-H club members would like to thank Juven-Aire and Bannister's for sponsoring their booth at the Porterville Junior Livestock and community fair.

POTLUCK, PARTY PLANNED FOR BURTON MEETING

BURTON, June 16 — Burton 4-H held its last meeting of the year Tuesday, as a combination swim party, pot luck dinner and meeting at Sunnyside pool. The pool was open to Burton 4-H mem-

limit, a fact that he has reminded me of about two dozen times. I think they just raise a less intelligent type of fish in the Tule river.

This week through Saturday we are having a sale. This is so we will have less plants to worry about this summer and can go to the hills sooner. Of course if you buy too many you won't be able to leave town yourself. Which maybe proves that all things equal out one way or another.

These are good things for the good earth though and the prices are not bad. There is a large group of plants selling two for the price of one. You buy one and you may select another the same or of equal value for free. All the bush and climbing roses, citrus trees, hibiscus, bougainvillea, and dozens of other trees, shrubs, and junipers are included. Also there is a thirty five cent table of flowering things and a lot more besides. Come early and buy all you like.

The Ortho one cent sale on gallons of Ortho-gro fertilizer is still in force and you may buy a gallon or a case — more if you want. Also Ortho dichondra food pellets are three ninety five a sack with a hand spreader for three dollars additional to make the job easy. A two cubic foot sack of peat is seventy nine cents while they last so you can properly plant the other things you purchase.

Remember this lasts through Saturday. You may charge it to your account, use BankAmericard, or even pay cash. We will also be glad to deliver it the day of purchase so you can get it planted before the old boy gets the bill. Or before your check bounces whichever way happens first.

WHAT'S DOING?

Here's a story from my "tots and telephones" collection. A young mother found her three-year-old turning the telephone dial. She shooed her daughter away, picked up the phone and started to dial, when the little girl said, "You don't have to do that, Momma, I already stirred it up." (When you're "stirring" your phone, please remember that careful dialing stops wrong numbers before they start).

Are you registered to vote in the General Election on Nov. 8? Your last day to register is Sept. 15.

When you're vacationing in unfamiliar territory, it's good to know you can count on the local telephone directory for help. If you need a mechanic, or a new fishing rod, or a good restaurant, you'll find it fast in the Yellow Pages. And if you're not sure of dialing procedures in a strange town, you can turn to the front pages of the phone book for helpful information.

What can reach across a continent, yet has no hands? What takes you places in an instant, yet never moves itself? What speaks in a thousand tongues, yet has none of its own?

If there's a bride-to-be in your family this month, you're probably discovering what a big help your telephone can be—keeping friends and relatives informed as plans progress . . . calling the church, florist, photographer, beauty shop . . . checking on the wedding gown and bridesmaids dresses. And all this help costs you very little, because phone rates in Porterville are among the lowest in the nation.

Buzz' hand, but a ruckuss such as that might have hurt his throwing arm, so I saved Buzz for professional baseball by convincing the neighbors that cotton for the ears

was really an inexpensive item... Of course, by then Buzz was getting to be a good-sized young man, the kind and size, in fact, around whose hand one does not promises to bend guitars... Meanwhile, his fast ball was getting

faster and faster. He went through all the levels of Porterville's summer league play, pitched for Porterville high school and Porterville college, then went on to really star at Fresno State college, ending up his senior year last week by signing with the Twins... For some reason Twin officials made a top secret deal out of the transaction, whisking Buzz off to Visalia for the official act and coming up with the "no comment" answer when asked about bonus. But Buzz did pretty well for himself. He put some money in the bank, he fulfilled one ambition by purchasing a red Buick Riviera.

and his contract with the Twins makes provision for him to return to Fresno State in September to do graduate work... At the moment Buzz is in Florida at a Twin camp, and in a few days he will report to the St. Cloud, Minnesota team for a 70-game season...

...

And what about the big time?

When will we be watching Buzz

on television firing for the Twins?

Well, no one knows, of course,

but the unquotable powers-that-be

with the Twins say that Buzz will

get his chance at big league base-

ball next spring — and they think

he'll make it... At which point

Dutch Schmid steps out of the

wings to take full credit for getting

Buzz where he is. "After all",

says Dutch, "I was his first

Little League coach."

By doing actual construction

themselves, Exchange club mem-

bers are able to produce an excel-

lent show that is comparable to

those in the metropolitan areas.

Actually, club members have be-

come experts in the field of fire-

works show construction, and sev-

eral members now hold the pyro-

technic license that is necessary to

set up and fire aerial bombs and

other types of displays.

Ynigues states that the Ex-

change club is again extending an

invitation to all families in the

community to attend the Fourth

of July show.

over by Mrs. John Busse. At that

time, also, June 18, was set as

the date for bringing the 1966-67

fund drive to an end. The wind-

up is being conducted by mothers

of local boys engaged in the Viet-

Nam conflict.

"These women know what the

Red Cross means to their boys

over there, and they are determin-

ed to see that the services of our

organization are not curtailed by

lack of funds," states Mrs. Busse

at the meeting.

However, only \$6,918 of the pro-

posed \$7,500 budget was raised,

which means, according to Mrs.

Busse, that war services of the

local chapter will have to be limit-

ed. Even though the fiscal year

doesn't end until June 30, it has

been necessary for several weeks

now to dip into next year's funds,

for the 1965-66 funds are gone.

Daily demands of service men and

their families have increased to

such an extent that the 1965-66

budget has not been sufficient.

Anyone wishing to contribute

further may send a check to the

chapter office on Oak street.

A special vote of thanks was is-

sued by the board to those in Port-

erville and surrounding areas

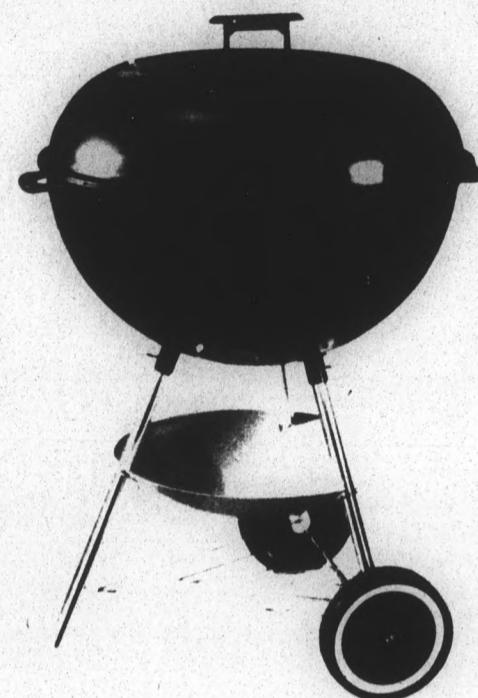

who assisted with the drive.

Eric Berryhill, who attends Fresno state college, will also attend the classes at his own expense. Both he and Miss La Presta will assist at the community pool during the summer.

Swim classes, sponsored jointly by the Red Cross and the Porterville recreation department, will start Monday, June 20. Enrollment is now under way at the pool. A fee of \$1.00 will be charged for children and \$2.00 for adults. These funds are retained by the recreation department to cover expenses of the swim program.

Here comes Pawnee**THE FASTEST GRAIN IN THE WEST!**

It seems that no sooner do you plant Pawnee than you're ready to harvest a record breaking yield. For speed and production, Pawnee has no equal among early maturing sorghum hybrids. Pawnee has proved its reputation as the fastest, earliest grain in the West in University trials and actual grower comparisons against other competitive varieties as well as later maturing RS610.

Paymaster Seed Farms' research developed Pawnee specifically as an extra early maturing variety with wide adaption. It delivers top performance as a second crop following small grains and other early harvested crops. Pawnee has everything going for it... better quality grain than other early hybrids because of its high bushel test weight... better grain yields, especially when double row planted or 10-inch drilled... exceptional head smut resistance, head exertion and built-in genetic head drying for easier and earlier harvesting... with standability that's as straight as an arrow acre after acre. Pawnee requires less irrigation and produces top yields of bright red grain on a wide range of soils!

So, on your mark, get set, get ready, and... GROW... PAWNEE!

Order your seed
requirements from
your local dealer
now, or call...

COMANCHE from Paymaster is another excellent short season sorghum. It has excellent standability due to short, stiff stalks, which are leafy and have excellent grazing qualities after grain harvest. Heads are well exerted, with remarkable head drying, for clean threshing. Comanche's tolerance to high salt and alkali conditions has pleased growers throughout California and Arizona. Yield trials have proved Comanche's ability to deliver profitable production... the big profit you get when you plant the Paymaster Indians!

**A Savings Account Is Part
of Your Future**

They call it "Commencement" because life really begins at graduation! And, like a good career or a good marriage, wise money management will help shape your future. Best way to start? With a Federally insured savings account here. Open one now. Add to it regularly.

We want you to feel welcome now, and in the future, to ask us any questions, at any time, regarding money matters.
